

GET THIS FIGHTING JAW—IT'S BONGS

GUNDERWOOD & UNDERWOOD

How's this for a fighting jaw? The owner of the jaw and the high forehead is Byng—Sir Julian—who cracked the Hindenburg line. The portrait is by Francis Dodd, the famous artist who has made portraits of most of the British generals and admirals. You have the word of the British government that this is a real likeness—it's a British official picture.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without gripping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

DONT BE TOO LATE WITH YOUR PRESENT

That Box at Hartley's Store to Receive What You Send.

The basket placed in the Hartley department store by the local Red Cross society as a receptacle for Christmas presents to be sent to the soldiers by voluntary contributions is not filling up so rapidly as could be desired and it is thought there may possibly be a misunderstanding concerning the basket. Inquiries have come in to the Hartley store in regard to the contributions which brought to light the fact that many people thought the Hartley firm was making the contribution when in reality the firm donated the space used by the basket to the Red Cross society in order to accommodate those persons who did not care to climb the steps to the Red Cross headquarters.

The society believes there will be many people in the city who will regret it exceedingly if Christmas morning if they have failed to send one or more gifts to be given to soldiers who will not receive any gifts.

The packages contained in the basket will be taken in charge by the Red Cross society and sent to the proper destination in order that they reach the boys in service or in the training camps. It is suggested that the packages be wrapped in shink colored handkerchiefs and tied with Christmas color and to bear the name of the donor on a Christmas card.

Gifts suggested as being most desired by the soldiers are khaki colored handkerchiefs, neckties, writing pads, pencils, postal cards, paper covered books, knives, steel mirrors, puzzles, playing cards, electric torch, compass, tobacco, cigarettes, chocolates, fruit cake, preserved ginger, prunes, raisins, chewing gum, hard candy, water right match boxes, etc.

Will Push Seal Sale In Rural Towns

Mrs. Roger Kingsland has been appointed rural supervisor of the sale of the Red Cross Christmas seals and will visit the outlying towns in Marion county and endeavor to push the sale of the seals.

The seals are meeting with ready sale and a requisition has been made to headquarters for an additional 25,000 which the Public Health Nursing Service hopes to dispose of in addition to the 50,000 stamps which are now on sale. Should the society dispose of the full quota of 75,000 it will double the sale of the year of 1916.

Christmas Seal Talk at Normal School

Mrs. J. A. Meredith, president of the Women's club and Mrs. W. T. Hartman, were present at the chapel exercises of the Normal school this morning. Mrs. Meredith gave an interesting talk on the subject of tuberculosis, its causes, cure and prevention as outlined by the Red Cross Society. Mrs. Hartman who is chairman of the Public Health Nursing Service under whose direction the Red Cross Christmas seals are being sold in this city, talked for a short time and urged that the students purchase large numbers of the little stickers. Other women of the city were present at the city school buildings and interested the children in the purchase of the seals also.
